The Lake County History Center was one of the last operating "poor houses" in Ohio. Since 2008, the Lake County Historical Society has occupied the building and is beginning a renovation of the structure. Groups will delight in the "Victorian Showcase" rooms that bring the richness of the 1880's life style into focus. The **Magical Musical Machines** exhibit will allow your group to not only see but hear the music from these turn of the century music boxes on permanent loan from the Music Box Society International. **2010 Exhibits:** Victorian Fans & Fashion, Hello Dolly World of Miniatures, Electric Millionaire, & More

HERITAGE TOURS ARE ALSO OFFERED,
